Questions for RouteSetu (Cleanwheels Mobility Private Limited)

Everything we need RouteSetu to **confirm, decide or give us access to** before the new website and the AI marketing
go live. Their answers go into `business.json`, the Settings page and Connections; what we do with them is in
`TODO.md`.

How to use this: send it as is (or copy sections into WhatsApp/email). Each question shows **what the site uses
today** so they can simply reply "correct" or give the right value.

Contacts we have: gaurav@clean-wheels.in, trivedigaurav32@gmail.com (from the requirements note). Please confirm
who signs off on each section.

Sources: routesetu.com (scraped October 2026) and the owner's ChatGPT history (`docs/owner-chatgpt/`), which
covers January to October 2026.

- [ ] Do you have the logo as a **vector file** (SVG/AI/PDF)? If not, may we get one made?
- [ ] **Colours and font**: keep the website's blue/green, or switch to navy #154A86 + saffron #F7941D with Poppins?

- [ ] Sales hours, and who covers nights/Sundays.

☐ How do you send **driver and car details** to the customer today (WhatsApp, SMS, call)?

☐ Who receives the **daily TURBO MODE report**, and by what: email, WhatsApp and/or SMS? Which addresses and numbers? What time (default 9 PM)?

G. Legal and compliance

☐ Has a **lawyer reviewed** your Terms & Conditions? We published them word for word from routesetu.com.
The liability clauses ("not liable for accidents, injuries or death") were drafted with ChatGPT; consumer law may limit them.

☐ **Privacy policy**: routesetu.com has none. We wrote one for the new site: please review and approve.

☐ You describe RouteSetu as an **intermediary platform**. Indian IT Rules (2021) expect intermediaries to publish a
grievance officer's name and contact. Who should that be? (Please confirm with your lawyer.)

☐ Motor-vehicle **aggregator licence** requirements in Delhi/UP: anything we must display?

☐ **DLT registration** for SMS (entity ID, sender ID/header, templates): done? Under which company?

☐ **Trademark** "RouteSetu" (Class 39): filed? Any wording we must use (™ / ®)?

☐ OK to send **marketing messages** only to customers who opt in (that's how the site works)?

H. Accounts and access (please give access, not passwords)

The safest way: **add us as an admin/partner** on each account instead of sharing passwords.

Account	What we need	Why
Domain routesetu.com (GoDaddy per your chats)	Delegate access or DNS changes made on request	Point the domain to the new server
Current website hosting	Who hosts it? OK to **replace** it with the new site?	The new site goes on the same domain

Business Google account	One shared account (or Google Workspace) for AI Studio, Google Cloud, YouTube, Business Profile	Every Google key is created under it
Google Cloud billing	A card on the billing account (free trials don't charge it)	Google Maps (tolls, routes) and Vertex AI need billing turned on
Meta Business (Facebook Page, Instagram)	Partner or admin access in Business Settings; Instagram as a professional account linked to the Page	Posting, comments, Lead Ads
WhatsApp Business number	Which number may be used with the **WhatsApp Cloud API**? It may have to leave the WhatsApp Business app, so a separate number for automated messages is safer	Reports and future booking confirmations
Google Business Profile	Manager access to the listing	Google posts and call/direction stats
YouTube channel	Manager access	Shorts
LinkedIn company page, X, Pinterest, Threads	Admin access, or create them with us	Optional channels
Email for reports	Gmail app password for a reports mailbox, or SMTP details for operations@clean-wheels.in	Daily report by email
SMS provider (MSG91 / Twilio)	Account + DLT details	Phone sign-in on the site, SMS reports, trip SMS later
Payment gateway (Razorpay / Cashfree)	Company KYC in the company's name, when you want online advance payments	Not built yet; needs your decision (§ J)
Server (VPS)	Who buys and owns it (company card)?	Hosting the new site

AI providers (Groq, Mistral, Cloudflare, Alibaba, Hugging Face, Pollinations)	Free accounts created with the business email, or we create them for you	Captions, images, video

I. Marketing and content

- [ ] **TURBO MODE**: you asked for fully automatic posting with no human review. Confirm that's what you want on the live accounts.
Guardrails stay on, and nothing flagged gets posted. Who is responsible if a post needs to be taken down?
- [ ] **Posting frequency and times** (default 2 posts a day at 10:30 and 18:30; your chats used 8–10 AM and 6–8 PM).
- [ ] Platforms to post on: Instagram, Facebook, Google Business, YouTube, LinkedIn, X, Pinterest, Threads?
- [ ] **Language**: English, Hindi, or both on each post?
- [ ] Your **house rules** from the ChatGPT edits. Do these still apply?
  - no prices unless the post is a priced offer
  - one campaign per post
  - show all car types
  - don't label cars "EV" in general posts
  - captions end with WhatsApp / Call / website and "Safe. Comfortable. Reliable."
  - 10–15 hashtags including #RouteSetu and #SafeComfortableReliable
- [ ] **Competitors** to watch (Instagram handles). We use generic ones now: Uber, Ola, Rapido. Real local competitors (e.g. CabBazar, Savaari)?
- [ ] **Hashtags** and **keywords** you want in every post.
- [ ] Festivals or yatras to push or skip. Which ones bring you the most bookings?
- [ ] Words or topics **never** to use (added to the guardrails' banned list).
- [ ] Any **ad budget** (Meta/Google ads)? Not automated yet; we can plan it.

J. Website decisions

- [ ] Should the new site **replace routesetu.com**, or live elsewhere first (e.g. a test subdomain)?

- [ ] Main address: **routesetu.com** (as today) or www.routesetu.com? The other one will redirect to it.
- [ ] Keep the **3D animations** (cab model, scroll journey with landmarks), or the **minimal** version you asked your designer for?
- [ ] Keep showing **price estimates** publicly (trip planner, yatra planner), or "call for price" only?
- [ ] Approve the **12 yatras** listed (Ayodhya, Kashi, Mathura–Vrindavan, Haridwar–Rishikesh, Vaishno Devi, Khatu Shyam & Salasar,
Ujjain & Omkareshwar, Kedarnath & Badrinath, Prayagraj, Pushkar, Kurukshetra, Amritsar). Add or remove any?
- [ ] Approve the **popular routes** (Mathura–Vrindavan, Agra, Lucknow, Ayodhya, Prayagraj, Varanasi, Jaipur, Haridwar, Rishikesh,
Chandigarh, Dehradun, Nainital).
- [ ] **Customer accounts** (sign in with phone OTP or Google, "My trips"): keep, or booking without an account only?
- [ ] **Online advance payment** on the site: wanted now (needs a payment gateway account), or later?
- [ ] **Trip confirmation SMS/WhatsApp** with driver details and a tracking link: wanted? (Part of your original website brief, not built yet.)
- [ ] **Hindi version** of the website?

K. Budget (monthly)

Most things run on free tiers. Please approve a monthly limit for what isn't free:

- [ ] Server (VPS) and domain renewal
- [ ] X posts (about $1–2 a month at 3 posts a day)
- [ ] WhatsApp template messages (charged per message by Meta)
- [ ] SMS (per message, plus DLT)
- [ ] Google Maps beyond the free monthly allowance
- [ ] AI video beyond free trials (optional; a free slideshow is the fallback)
- [ ] Payment gateway fees (per transaction, if enabled)
